eFigure. Completed Nose Molds.

This supplementary material has been provided by the authors to give readers additional information about their work.
eFigure. Completed Nose Molds

The 5 nose models, as they appeared for the surgeons to survey. All models have the same geometry. The elastic modulus of the silicone used ranged from 0.042 MPa for nose 1 to 0.086 MPa for nose 2, 0.098 MPa for nose 3, 0.252 MPa for nose 4, and 0.302 MPa for nose 5.
