
eAppendix. NIH test.

This supplementary material has been provided by the authors to give readers additional information about their work.
eAppendix

NIH test:

- Samples should be sent priority overnight and NIH should be contacted with the shipping information and tracking number.
- All CSF samples must be collected and labeled with patient identification number, type and amount of sample, date of sample (and NIH Sample Identification Form)
- 1 ml of CSF in sealed vials frozen at -80 C (or -20 C if not available).
- Send samples on dry ice by overnight priority express carrier. Samples should not be scheduled to arrive on a weekend.
- The NIH does not charge for this service and takes international deliveries.
