Supplementary Online Content

**eFigure 1.** Cases 5 (A and B), 6 (C and D), and 7 (E and F)

**eFigure 2.** Early Frames of Indocyanine Green Angiography of Cases 1 (A) and 2 (B)

This supplementary material has been provided by the authors to give readers additional information about their work.
**eFigure 1.** Cases 5 (A and B), 6 (C and D), and 7 (E and F). A, AO imaging (arrowheads in magnifications bracket the arteriolar wall). B, morphogram. D and F are OCT scans through the narrowed venous segments of C and E, respectively, showing focal narrowing (between arrows).
**eFigure 2:** Early frames of indocyanine green angiography of cases 1 (A) and 2 (B) showing laminar flow (arrowheads) upstream and downstream of the narrowed venous segment (arrows).
