eFigure. Daily Hours of Sunshine (1970-2010)

This supplementary material has been provided by the authors to give readers additional information about their work.
xn, the time series of daily hours of sunshine, before (above) and after (below) differencing for removing seasonality. The entire period of 40 years is depicted (1970-2010). Please note that the rhythmical pattern observable in the lower graph shows seasonal changes in the variance of sunshine duration and not in sunshine duration per se.
